

## President's Report:

Congratulations and thanks to Brendon Wright for extending an invitation to the American Classic Car Club to join his family and friends, in the celebrations for his 50<sup>th</sup> birthday.

A drive-in movie was a unique, memorable and entertaining way to celebrate a birthday. And with the Dunsandel Volunteer Fire Brigade catering on the BBQ as a fund raiser, every detail had been well executed by Brendon. Of course, apart from “mother nature”, who provided Brendon with many challengers leading up to and on the day. However once the BBQ started and the movie was underway the wind dropped and a most enjoyable time was had by all who attended.

The choice of movie “Ford V Ferrari” was most suitable and as recent news reports show, some things don’t change!! Thanks again Brendon, very well done.

Look forward (Covid permitting) to seeing you all at our next event.

Keep ya motor running and have a pirfic day.

Bill Stanley  
President

## **Club Captain's Report**

*Our October event was Brendon Wright's 50th  
Birthday Celebration.*

*Brendon arranged a movie evening for his family  
and friends which also included many of our club  
members. He set up various things for our  
comfort and safety like gazebos and covered in  
truck decks for dining areas, a port-a-loo with a  
solar inside light and also with a flood light run by a generator for people to find the  
loo at night time. One of his machine was set up with multiple flood lights to light up  
the parking area, when the cars were ready to leave their car parks. He set up a  
safety stairway to access the truck decks.*

*A coffee machine was on site, selling hot drinks and there was also a barbeque for  
those who wanted a meal. (This was supplied by the Local Fire Brigade as part of their  
fund raising). We had a good turnout of 38 club members.*

*The movie was Ford Vs Ferrari, which is a 2019 film. The movie is based on the true  
story of Ford car designer Carroll Shelby & driver Ken Miles. Together they took on  
Enzo Ferrari at Le Mans in 1966. Henry Ford 2 is furiously upset, as their car sales  
were dangerously low and if they didn't take some drastic steps, then the 65 year old  
company will have to be shut down. Ford planned to enter car racing. Their first step  
towards this was to take over Ferrari, the number one car racing company at the time.*

*During intermission we were invited up to the gazebo area where we all sang happy  
birthday to Brendon and presented him with a birthday cake decorated by Bill &  
Maggie with 3 miniature cars.*

*All in all, we had a great night out - Thank you Brendon.*

*Keep on Cruising & Stay safe.*
