

President's Report:

Here we go again, I guess with hind sight it was just a matter of time before "Delta" arrived on our shores. As I write this we are heading towards level 3 and it really does look like Auckland will remain closed for some time to come. Once again many events and activities are cancelled, delayed and many more including our own USA Day remain uncertain just when we starting to finalise plans for this year. It really does make life and commerce very difficult as we try to move forward.

On the positive side we must take the opportunities to meet and enjoy our fantastic American beauties whenever we can at the moment. It was again an amazing turnout for our last run to Ashburton and a very enjoyable lunch was had by all.

Unfortunately, our planned September event has been cancelled but the Canterbury Aero Clubs 50th. anniversary event is still on, at this stage. As some of you will know a few club cars will be participating in this, but it is not an official club event. However, it is open to the public so a great opportunity for a day out, hope to see you there.

Keep ya motor running and have a pirfic day.

Bill Stanley
President

Club Captain's Report

We all assembled at the Selwyn District Council car park and headed to Ashburton for our lunch run. 26 cars and 57 people attended. After the inclement weather we had been having, we were the lucky ones to pick the best day to have our event. The cruise was steady, but some of the tail end Charlies' were held up with slow traffic. They were only a couple of minutes behind the others.

Once arriving, everyone chose where they were sitting. The hotel had us in their private function room, which was large enough to accommodate all of us. The rest of the hotel was pretty quiet with not many other patrons. We all had a yummy meal which was sufficient to feed the troops.

The car park was dominated by our beautiful American cars and trucks. We always seem to attract members of the public with our presence and this was no exception. Even as we were leaving there were people taking interest.

Keep on Cruising & Stay safe
